

Paly Robotics  
FRC Team #8  
Tax I.D. Number: 611682088

# Sponsor Paly Robotics

Nationally Ranked Robotics Team based in Palo Alto, CA

# Our Mission

Paly Robotics is dedicated to spreading STEAM (Science, Technology, Engineering, Art, and Math) to the community and its members by teaching valuable build, design, programming, art, and business skills through youth programs, service projects, and community outreach.

## About Us

Paly Robotics was founded in 1996 at Palo Alto High School. What started as a small club has transformed over a decade into a dedicated team of over 80 members. Each year, Paly Robotics is given six weeks to design and build a robot from scratch, which is then taken to compete at the FIRST Robotics Competition. Paly Robotics places a heavy focus of its time and resources on its outreach programs. Dedicated to our mission, Paly Robotics visits local middle and elementary schools throughout the year, mentors junior robotics teams (FLL and FTC), and hosts a free summer camp every year for middle schoolers to ensure that a STEAM education is accessible for everyone.

## Awards & Achievements

- Semi-Finalists in the Roebling Division at World Championships, 2017
- FIRST Dean's List Award at World Championships, 2017
- Regional Finalist at Silicon Valley Regional, 2017
